

Mobile Banking – Text (SMS) Instructions

1. Using your **computer** browser, search: m.communityalliancecu.org
2. Select one (1) - Mobile Banking
3. Input your Internet Banking Login and Password and follow the prompts. You will then be emailed your one-time PIN.
4. Once logged in, **select seven (7) Text Banking** to set up text messaging service to your Mobile device.
5. Select one (1) - Add a mobile number
6. Agree to the Terms and Conditions
7. Input your Mobile phone number. Remember, you should have a text message plan on your Mobile phone to use this service
8. You will then be sent a **text message** to your mobile device with your **six (6) digit verification code**.
9. **Take this number and input it into the verification code box** on your **computer** and click continue.
10. **You are now signed up for Text Banking! You will receive a Welcome message via text and on your computer with the following message:**
 - a. **B** - balances
 - b. **H** - five most recent transactions from all accounts
 - c. **H acct** – five recent transactions from a specific share ID (e.g. H S01)
 - d. **X source destination amount** – to transfer dollar amount from source account to destination account (e.g. X S01 S05 10.00)
 - e. **HELP** – help, retrieve list of available commands
 - f. **STOP** – deactivate TXT Banking

The commands are not case sensitive.

Note standard text message and data rates from your cell phone provider will apply.

11. **Simply send a text to 86020** with the message B to check your balances from your mobile device. You **no longer need to use your computer** for Text Banking.
